WHY WE CHOSE THIS TOPIC

- 1 in every 5 people in WV (20%) go to bed at night hungry.
- We recognized that this number applies to our school community as well, so we started to think how we could make a difference.
SOMETHING TO THINK ABOUT.....
OUR PROJECT:

Challenge students to bring in nonperishable cans of food to donate to our community food bank, Raven's Ministry.

The class who brings the most will get a pizza and ice cream party.

OUR WORK SO FAR.....

- Our class has collected over 450 cans of food, and we still have two weeks until our food drive is over....We are excited about our progress so far!
- This is a picture of the food bank we are giving our donation to.
- We got to interview the coordinator in a Zoom call and he told us about the ways they help the community.
- They will come to our school on April 14
- and we will help load the cans with him.
